

ASSOCIATION POUR L'ASSURANCE QUALITÉ
DES FABRICANTS DE BRACELETS CUIR

TECHNICAL & QUALITY LEATHER SENIOR EXPERT

The Association pour l'Assurance Qualité des Fabricants de Bracelets Cuir (AQC) is a forward-thinking organisation based in **Neuchâtel, Switzerland**. Its small team is made up of dynamic, motivated people with a strong spirit of mutual support.

The vision of our association is to ensure a leather bracelet with the highest level of safety and proactively act for a responsible global supply chain.

YOUR MAIN MISSIONS:

- Ensure the smooth running of the AQC and the implementation of projects assigned to you
- Ensure the chemical conformity of materials used in commercial productions and projects assigned by the Board
- Act as the Traceability Process Owner
- Support internal and external audits and certifications

MISSION 1: Ensure the smooth running of the association

- Participating in the development of strategy and organisation with the statutory bodies in accordance with the responsibilities of the established processes
- Establish and ensure the proper execution of the budget in accordance with the responsibilities of the established processes
- Report to the Board on the projects entrusted to him/her
- Taking part in and preparing meetings with the other team members, the technical working groups, and the Board
- Management of relations and contracts with external service providers within his/her scope
- Developing external relations and representing the association and its members
- Ensuring that AQC members and their stakeholders are informed of current and proposed regulatory requirements and their impact on their activities

MISSION 2: Chemical Compliance

- Define the test policy and control plans for all components and finished products
- Responsible for proper sampling, sending to the laboratory, reviewing reports and summarising in databases
- Management of non-conformities (investigations and associated action plans)

ASSOCIATION POUR L'ASSURANCE QUALITÉ
DES FABRICANTS DE BRACELETS CUIR
